RAILWAY MACHINERY

TAMPING MACHINE Mod. COBRA PRO e COBRA TT Mod. WACKER NEUSON (Serie BH and EH Series)

Portable tamping machine with 2-stroke engine. Various types of bits and chisels are available.

Cod.UF0033 (PRO): 2-stroke engine (2kW/2.7Hp)

Cod.UF0029 (TT): 2-stroke engine (1.5kW/2Hp)

Cod.UF0038 (BH55RW): 2-stroke engine (1.6kW/2.2Hp)

Weight : 55 Lbs (25kg)

CE

1

ELECTRIC TAMPING MACHINE Mod. RCP-E1

Portable tamping machine with electrical engine. Various types of bits and chisels are available.

Cod.F1114E01: electrical motor (1.24kW/1.66Hp)

Weight : 37 Lbs (17kg)

CE

AUTOMATIC RAIL DRILLING MACHINE Mod. TAA

Patented

Rail drilling machine equipped engine with an automatic system for the advancement of the cutter, complete with drilling jig and lubricant pump tank.

It uses only cutters with Widia inserts.

Cod.F1121M01: 2-stroke engine (1.4kW/1.9Hp)

Drilling time: 1 minute

Weight: 55 Lbs (25kg)

CE

RAIL DRILLING MACHINE Mod. FRG-02

Machine equipped with drilling jig and lubricant pump tank. It uses cutters with Widia inserts or HSS cutters.

Cod.F1033: 4-stroke engine (1kW/1.3Hp)

Weight: 44 Lbs (20kg)

CE

RAILWAY MACHINERY

RAIL DRILLING MACHINE Mod. FRG-05

Machine equipped with drilling jig and lubricant pump tank.
Using insert cutters or HSS cutters.

Cod.F1033B10: 2-stroke engine (1.4kW/1.9Hp)

Weight : 42 Lbs (19kg)

ELECTRIC RAIL DRILLING MACHINE Mod. FRG-900

Machine equipped with drilling jig and lubricant pump tank.

Cod.F1086E01: electrical engine (0.8kW/1.1Hp)

Weight : 33 Lbs (15kg)
